Learning Connections Hamilton

UNITED STEELWORKERS USW™ Hamilton Steelworkers Area Council

Skills Pathways for Work

Skills Pathways for Work is a project that helps workers who have been laid off prepare for work through skills upgrading and training.

We'll work together to

- identify the skills and training you need
- build a plan that's right for you (like skills upgrading, high school credits, job-specific courses, apprenticeship/ skilled trades)
- connect with programs and keep you on track

To be eligible you must be

- 18+ and a resident of Ontario
- legally able to work in Canada
- on Employment Insurance (EI) or EI eligible (laid off from a job where you paid EI premiums)
- not in full-time education/training

Let's build a plan that's right for you. Connect with a Learning Navigator today!
